

Baby's Happiness Depends On Health

Cross, fretful babies usually need a laxative to make them comfortable, and comfort begets happiness. Constipation is the cause of much discomfort. Mothers should watch closely the condition of their children's bowels and see that they are regular.

A mild, pleasant tasting laxative such as Dr. Caldwell's Syrup Pepsin is ideal for children because of its natural composition and gentle action, and because it contains no opiate, narcotic or other harmful habit-forming drug. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere. A teaspoonful at bedtime will bring easy, certain relief.

A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ills.

SMITH AND BROWN REELECTED

As County Commissioner—Choice After One Ballot in Each Case—Mr. Smith Had 17 Votes and Mr. Brown 19—Senator Hewitt Disclaimed Authorship of Letter That Had Been Sent to the County Caucus Members.

(Special to The Bulletin.)

Hartford, Feb. 3.—The republican members of the general assembly from New London county met this afternoon for the purpose of nominating two candidates for county commissioners, and the caucus was called to order by State Central Committeeman William J. Brennan of New London. Senator Whiton of New London was chosen chairman and Representative Mitchell of Preston clerk. It was decided that there be separate balloting for each position, and nominations were declared to be in order.

Representative Crandall of Mystic first nominated Charles H. Smith of Noank, now one of the commissioners. Senator Barnes nominated Lewis R. Church of Norwich. Representative Mitchell nominated Eckford Pendleton of Preston. Representative Lathrop placed Arthur G. Crowell in nomination.

Senator Hewitt, as a matter of personal privilege, explained that he was not the author of the letter sent to members and signed by a gentleman named Hewitt of Norwich, and he wished to correct an erroneous impression in that particular, as he was favorable to the re-election of Commissioners Smith and Brown.

Representatives Cronin and Crandall were appointed tellers and the result of the ballot was as follows:

Whole number of votes cast..... 24
Necessary for choice..... 13
Charles H. Smith..... 17
Eckford Pendleton..... 4
Lewis R. Church..... 2
Arthur G. Crowell..... 1

The nomination by vote was declared to be unanimous. For the next commissioner, Representative Lathrop nominated Arthur G. Crowell of Norwich. Senator Barnes nominated the present incumbent, Frederick J. Brown, of Lebanon. He said that as an attorney he did considerable business before the county commissioners and found Mr. Brown to be a competent commissioner and an honorable and courteous gentleman. Representative Davis of East Lyme seconded the nomination, and Senator Hewitt and Representative Taylor did likewise. Representative Mitchell nominated Eckford Pendleton of Preston.

The ballot was as follows:

Whole number of votes cast..... 24
Necessary for choice..... 13
Frederick J. Brown..... 19
Eckford Pendleton..... 4
Arthur G. Crowell..... 1

Mr. Brown, by vote, was declared the unanimous nominee. Senator Whiton again gave notice of the proposed invitation from the New

London Chamber of Commerce for the New London county members to visit New London and become acquainted with conditions in matters that are pending in the legislature. He asked that agreement as to date be reached by next Tuesday, when there would be a meeting of all the New London county members, assembled for the purpose of acting upon the report of the county commissioners and elect two county auditors, a republican and a democrat.

Representative Cronin was appointed a committee to prepare proper resolutions for re-election in the house nominating Messrs. Smith and Brown as county commissioners.

Representative Crandall of Mystic, in behalf of County Commissioner Smith, invited the members to be guests of Mr. Smith immediately after adjournment at Heublein's. The invitation was accepted and on motion of Representative Brown of New London the meeting was adjourned to meet at Heublein's.

ECONOMY SUGGESTIONS FOR POST OFFICES

Wanted from Postmasters by the Department at Washington.

Postmasters around the country have received a copy of an order from the post office department in Washington urging the greatest possible economy consistent with adequate mail service. The statement points out that the decrease in postal revenues since Aug. 1 is caused by unsettled conditions created by the war in Europe. The order urges all postmasters to cut down all unnecessary expenses but still keep up the efficiency of the service. The postmasters are urged to reduce regularly to substitute service where it can be done and get all the work possible out of the regulars.

The cost of delivering large packages such as come under the parcel post division is mentioned. It is urged that it is urged that as far as may be foot carriers do the work and thus reduce the cost. Many other suggestions are given for reducing expenses. Economy suggestions, it is safe to say, will not be received with any general enthusiasm by the post offices of this country, which like the post office, have felt that they have been working at a minimum of expense in view of giving the public satisfactory service.

JULIAN CROZIER SHOT IN BATTLE OF LIONS

On Christmas Eve—Soldier Comrade Found and Buried His Body.

Accurate word about the death of Julian Crozier, who was in the French army, has been received from his brother. He writes that he had heard nothing from Julian Crozier since the 21st of December and was still clinging to a slight hope that he was alive when his mother received a letter dated Jan. 7 from a soldier who told her that her son was shot dead on Christmas eve in the battle of Lions, and that the body had been found and buried the grave marked.

It was further learned that this brave soldier had himself sought for his friend's body and carrying it across the battlefield under a fire of shot and shrapnel had buried it in a place apart by itself to enable the family to recover it later. But for this service, no trace of her son's body would have been possible to Mrs. Crozier.

Julian Crozier was a gifted scholar, a gentleman of high mailness, and a quiet leader. He carried a family which extends beyond the reach of his friends and associates at his home in France and in this city where he was stationed for a time at the J. B. Martin Co. velvet mill at Taftville.

STORM TOSSED BARGE NOW SAFE IN PORT

Found Near Race Rock and Brought Into New London.

Tug Muriel, which was sent out from Newport Tuesday to pick up the straggling barge Annie, brought the barge into New London harbor Tuesday evening. Before starting from Newport the Muriel had learned that the Annie was anchored three miles off shore between Quonochontong and Noyes Point. When the Muriel found the Annie she was anchored near Race Rock.

After being reported by the life-savers at Watch Hill the Annie had hoisted sail and under a northeast wind had started for the Race. As long as the tide held in her favor she could make fair time, but when the tide changed the barge was obliged to anchor.

The storm tossed barge's crew of four were in good condition in spite of the experience of having been adrift since Sunday morning when the Paul Jones, behind which the Annie and the Marlon Chappell had been towing, broke her tail shaft. The Chappell was found inside Point Judith by tug Arics and towed into Newport. The Annie had not been able to sail in so far before the wind changed from southeasterly to northerly. The barge was undamaged and will proceed eastward as soon as the weather is favorable.

Why is POSTUM Replacing Coffee?

People are waking up to the harmful effects of the powerful drug—caffeine—in coffee, which poisons the system, often resulting in nervousness, heart flutter, headache, biliousness and many other ills and discomforts.

The pure food-drink, Postum, is absolutely drug-free—made only of the choicest wheat and a bit of wholesome molasses. It contains no caffeine or other harmful elements.

If you doubt that coffee hurts you, a sure test is to leave it off for 10 days and use Postum. It's an easy change, too, for Postum tastes much like the mild, high-grade Javas. As the coffee-drug is eliminated from your system, your own feelings will suggest Postum and better health.

Postum comes in two forms: **Regular Postum**—must be boiled, 15c and 25c packages; **Instant Postum**—soluble form, made in the cup with hot water instantly, 30c and 50c tins.

Both kinds are equally delicious, and the cost per cup is about the same.
